Dear Dr. McDonald,

Thank you so very much for Blessing me with your email and your kind words.

Please forgive me for taking so long to reply. I traveled from my home in Nashville, Tn. to Portland Or. for an event where I shared the story behind my picture and we had company for the Memorial Day Weekend.

Yes, please do post the picture, and audio on your site and thank you for the link to my web site. I have already been blessed by receiving email from the pod cast on your site.

I have attached a file of the picture for you. Please feel free to share it with everyone you know.

Blessings,

Michael Clancy

Michael,

First off let me say thank you again for your stewardship and your time. Last night blessed me and our house, and reminded us why we participate in Life Chain, why we teach in the real world and the cyber-world about G-d and His commands and design for us.

Your website blessed me in another way when you posted not only your testimony of the photograph, but the "other" version by detractors. Michael, we are firm, staunch believers in accountability and credibility, and sir, your honesty and forthright personality make me proud to call you Brother.

Michael we have placed the Radio Nehemiah Interview on our podcast site (http://ctomc.com/Podcasts/index.php?p=episode&name=2009-05-20_michael_clancy_live_5_19_2009.mp3) and our Ministry main site (<http://flmilw.org/thou-shalt-not-murder>), we would appreciate it very much if you would allow us to post the picture on the ministry site along with the audio.

We have also placed a link to your website in the article and on our ministry links we feel people need to see that photo and read the story. Blessings and again thank you for being a servant of the Most High G-d.

Dr. Patrick McDonald MRav
Senior Elder FLMLW-CTOMC
